

Your Biomarker Panel

The data that tells us how your system is actually running.

YOUR DATA BELONGS TO YOU

Your panel is ordered directly by you. Swedish lab providers require BankID verification: only you can open the account and link results to your personal number. Under GDPR, your health data must be collected in your name. You control it. You share it with your Eirloom advisor when you are ready.

WHAT TO ORDER

Eirloom Core

Go to vital.se and search for the package below.

Men: Hälsokontroll Premium Man: 2,190 SEK

Women: Hälsokontroll Premium Kvinna: 2,190 SEK

42 markers across cardiovascular, metabolic, kidney and liver, thyroid, blood count, vitamins and minerals.

Eirloom Elite

Go to werlabs.se and search for the package below.

Men: Man Plus: 3,995 SEK

Women: Kvinna Plus: 3,995 SEK

Up to 60 markers including the full hormonal picture: cortisol, testosterone (men), estradiol and FSH (women), lipoprotein(a), thyroid antibodies, and advanced metabolic markers.

HOW IT WORKS

1

Order online

Select your package, log in with BankID, and complete your purchase. A referral is generated automatically. Around five minutes.

2

Visit a testing location

Most sites offer drop-in: you can go as soon as the following morning. Bring valid ID. The draw itself takes around ten minutes.

3

Receive your results

You will get an SMS when results are ready, typically within one to three days of your appointment.

4

Send your report

Log in, download your PDF, and send it to: confidential@eirloom.life. Your advisor will review before your next session.

From order to results: three to five days in most cases.

BEFORE YOUR APPOINTMENT

- Fast for at least 10 hours.
- Book a morning slot: testing closes at 10:00.
- No hard training the day before.
- Hold all supplements for 48 hours.

AFTER YOU RECEIVE YOUR RESULTS

Results arrive in your online account within one to three days. Download your PDF report and send it to confidential@eirloom.life before your next session. Your advisor will interpret your results in the context of your full programme.

A note for Eirloom Elite members. The cost of your biomarker assessment is credited in full against your next Eirloom invoice. No action required: your advisor will confirm this when they receive your results.

YOUR RESULTS ARE THE START OF THE WORK, NOT THE END OF IT.
